

# Uses of GET

## Task: complete the correct GET structure

1. We'd better hurry up. It \_\_\_\_ (late).
2. I've just \_\_\_\_, (my certificate/issue) just in time!
3. I can't \_\_\_\_ (used/wake) that early, this is!
4. I \_\_\_\_ (shock) when I understood about that accident.
5. I'll try to \_\_\_\_ (grass/cut) by the end of the week, I can't look at this meadow like that anymore.
6. What's happened? You (hurt) \_\_\_\_?
